MSc, Public Health, London School of Hygiene and Tropical Medicine, UK

**Key areas of research:** Public health, vaccine and product evaluation, hospital and community-based vaccine disease surveillance

**Core strengths:** Regulatory compliance, Quality Management, GCP, Managing large teams

**Work Experience:** Dr. Nidhi Goyal has over 15 years of experience in community and hospital-based health research and leads the vaccine trials unit that conducts phase II-IV studies for evaluation of vaccines and health products. She has rich experience in implementing vaccine trials in both adult and paediatric populations. She was the Principal Investigator in the Phase III ROTASIIL vaccine efficacy study and investigator in the ROTAVAC phase III trial. Both these vaccines are licensed, part of the national immunization programme and are WHO pre-qualified. She has since led the team in the evaluation of multiple nationally important candidate vaccines like Pneumococcal Conjugate Vaccine, Meningococcal vaccine, combination childhood vaccines, Chikungunya vaccine, Dengue vaccine and various COVID-19 vaccines. She also leads the organization-wide compliance to Good Clinical Practices and the Clinical and Research Laboratories at SAS. She is experienced in establishing community and hospital based disease surveillance systems and has been an integral part of several international and national multicentre trials. She has an in-depth understanding of quality management, research guidelines and regulatory requirements, which is instrumental in establishing sound systems, mentoring and training young minds and ensuring successful completion of research studies with the highest standards of quality. She also leads the organization-wide compliance to Good Clinical Practices and the Clinical and Research Laboratories at SAS. She has been an integral part of international and national multicentre clinical trials.
