

Dr. Sitanshi Sharma

Clinical Researcher (Pediatrician) and
Assistant Director

Qualifications

Post Graduate Diploma, London School of Hygiene and Tropical Medicine (LSHTM),
United Kingdom

MD, Pediatrics, Mahatma Gandhi Hospital, Rajasthan University of Health Sciences,
Jaipur

MBBS, DY Patil University, Pune, Maharashtra

Key areas of research: Maternal and child health (preconception to early childhood),
nutrition & growth monitoring during infancy and childhood, early childhood
development, public health surveillance & burden estimation.

Core strengths: Designing and executing large-scale community based intervention
trials, multidisciplinary collaboration between stakeholders, scientific writing and
dissemination and evidence practice- child-centered research approach and
community engagement.

Work Experience: Dr. Sitanshi Sharma is a trained and board-certified pediatrician with over a decade of experience in child health, both in clinical settings and research environments. Her pediatric foundation has been pivotal in shaping her public health research on early infancy and childhood growth and development, nutrition, and disease prevention. As a pediatrician, she combines evidence-based medical care with a deep understanding of child growth and development, making her contributions to research both clinically informed and scientifically robust.
